SELF STUDY REPORT (CYCLE 1) 2022-2023

CRITERIA: 1: Curricular Aspects

KEY INDICATOR: 1.3: Curriculum Enrichment

METRIC: 1.3.4 Percentage of students undertaking field visits / Clinical / industry internships / research projects/industry visits / community postings (data for the preceding academic year)

भारतीय दन्त परिषद
Dental Council of India

Data

Scanned copy of Field visit
report with list of students

CERTIFICATE

This is to certify that following number of Students have successfully completed Field visit/Clinical postings/ community postings/ Research projects for the academic year 2022-2023

List of Field visit/ Clinical Postings/ community postings/ Research Projects Academic Year 2022-2023

YEAR WISE	TYPES OF POSTING	NO OF STUDENTS
First Year BDS	Community Posting at Vaanch & Dhamatvan Village	117
Second Year BDS	Field visit to herbal garden Community Posting	63 122
Third year BDS	Clinical postings of Dental Specialities	75
Final year BDS	Clinical postings of Dental Specialities	99
Internship UG program	Clinical postings of Dental Specialities	97
	Community postings at LG Hospital, Shardaben Hospital & Rakhiyal, Danilimda UHC	97
Post Graduates of Dental Specialities	Students undertaking research work or thesis	44

AMC DENTAL COLLEGE AND HOSPITAL

HERBAL GARDEN VISIT REPORT

DATE: 27TH APRIL 2023

In recent times, as the global community delves into the therapeutic potential of herbs with minimal side effects for various ailments, AMC Dental College has undertaken a visionary initiative. The college has established a Herbal Garden within its premises, aiming to impart additional knowledge about herbs to our students, with the intention of equipping them for future research and clinical practice.

To facilitate this endeavor, a visit to our on-site Herbal Garden, situated adjacent to the hospital building, was arranged for the 2nd BDS students on 27th April 2023. The students were privileged to have Mr. Jignesh Patel, an expert in botany and the Director of Parks and Gardens at AMC, as their guide. A total of 63 students participated in this enlightening excursion, accompanied by a few faculty members who shared a keen interest in the subject matter. The primary objective of this program was to instill in our students an appreciation for the practical use of herbal medicines in their future dental practices.

Mr. Patel provided invaluable insights during the visit, educating the students on how to identify various herb plants and trees, elucidating which parts of these plants hold medicinal properties, and demonstrating the methods of preparing herbal medicines from these parts. Furthermore, he emphasized the significance of certain herbs in treating dental diseases, shedding light on their potential applications. The students left the Herbal Garden with a plethora of ideas on incorporating herbs into their daily practice, and their enthusiasm was palpable.

During the visit, students actively engaged with the expert, posing questions about the utilization of rare herbs in addressing oral health issues. The students' curiosity and eagerness to learn have reinforced our commitment to making such visits a recurring feature in the annual program for 2nd BDS students thereby ensuring a continuous and profound exploration of the world of herbal medicine.
