SELF STUDY REPORT (CYCLE 1) 2022-2023

CRITERIA: 3 Research, Innovation and Extension

KEY INDICATOR: 3.1 : Resource Mobilization for Research

METRIC: 3.1.3: Number of research projects/clinical trails funded by government, industries and non-governmental agencies during the last five years.

Index

Sr No	Data	Page No
1	List of funding agencies' websites	1

SR No.	Name of Researcher	Name of Project	Weblink
1.	Dr Ina Patel and Dr Priya Joshi	Evaluation of corelation between midlines of face & mouth with various anatomic landmarks	http://www.ahmedabaddental.com
2.	Dr Bela Dave	A prospective , Multicentre, randomized, open label, active controlled, phase ii study to evaluate the efficacy, safety, and tolerability of fixed dose combination (fdc) of doxycycline hyclate and metformin hydrochloride (10% w/w + 1% w/w) gel in the Treatment of adults with periodontitis	http://www.drreddys.com
3.	Dr Ashish Kaur and Dr Archana Prajapati	Comparative study of efficacy of injectable platelet rich fibrin hyluronic acid for interpapillary reconstruction	http://www.atopicdermocare.com
4.	Dr Parth Khamar	Evaluation & comparison of cappjs efficacy against e-faecalis & b its biofilm in rc sterilization	http://www.barc.gov.in
5.	Dr Ina Patel and Dr Kresha Shah	Co-relative analysis of width of anterior maxillary teeth with the width of first 3 fingers and nail form & tooth form of left hand	http://www.shreenathjimedicalagency.com
6.	Dr Ramita Sood and Dr Mustafa Kurani	Efficacy of prolotherapy in temporomandibular derangement	http://www.unidontia.com
7.	Dr Kinjal Solanki and Dr Neha Sonagara	To evaluate the correlation between the mesio distal width of the maxillary anterior teeth and different measurements of the distal maxillary arch width	http://www.ddu.com
8.	Dr Ashish Kaur and Dr Sirsha Bhattacharjee	Comparative study of clinical efficacy between chlorhexidine and plus hyaluronic acid mouthwashes in patients of Chronic Periodontitis	http://www.drreddys.com
9.	Dr Neeta Patel and Dr Shwetika Patel	Analysis of dynamic cyclic fatigue resistance of different endodontic nickel titanium instruments with different sterilization methods-an in Vitro study	http://www.varuntraders.com

10.	Dr Anjali Kothari and Dr Hetvi Parikh	Evaluation of push out bond strength of different root repair materials to root dentin at different levels-an invitro study	http://www.varuntraders.com
11.	Dr Bela Dave and Dr Priya Kasundra	To evaluate effectiveness of platelet rich fibrin alone versus platelet rich fibrin with ascorbic acid with open flap debridement in treatment of stage III Periodontitis: A comparative Study	http://www.wohltatlifesciences.com
12.	Dr Ramita Sood and Dr Nisarg Trivedi	Anatomically guided Implant site preparation technique in posterior molar region-A prospective clinical study	http://www.mahaveerenterprise.com
13.	Dr Anjali Kothari and Dr Kavita Sule	To evaluate and compare the properties of nano ceramic composite resins with contemporary composite resins-an invitro study	http://www.varuntraders.com
14.	Dr Anjali Kothari and Dr Viraj Talsania	An vitro analysis for potency and behaviour of different bleaching products on enamel colour and surface roughness.	http://www.healthvit.com
15.	Dr Kinjal Solanki and Dr Pankti Panchal	To compare & evaluate marginal integrity of pattern fabricated from resin based pattern materials and two different waxes at diferrent time intervals-An in vitro study	http://www.sssurgitech.com
16.	Dr Ina Patel and Dr Rujul Shah	To compare & evaluate marginal integrity of pattern fabricated from resin based pattern materials and two different waxes at diferrent time intervals	http://www.vermadentalclinic.com
17.	Dr Ramita Sood and Dr Ragini Tiwari	Implant placement in Narrow Ridge Arch using Piezo surgery and Screw Expanders- a prospective clinical study	http://www.mahaveerenterprise.com
18.	Dr Ramita Sood	A randomised, double-blind, multicenter, Placebo-controlled, Parallel Study to evaluate the Efficacy and Safety to Tranexamic Acid mouthwash of Morningside Healthcare Limited, UK, to reduce bleeding in subjects undergoing tooth extraction who are on drugs affecting hemostasis.	http://www.ethicare.com
19.	Dr Ramita Sood and Dr Keval Bhavsar	Comparitive study of new designed angled mini plate with conventional mini plate for mandibular angle fracture	http://www.yashenterprise.com
