Respected Sir,

We, the department of public health dentistry, AMC Dental college and hospital, khokhara, Ahmedabad would like to adopt your village to provide comprehensive dental benefits to all the people residing in your village.

Dental diseases are seen in all ages and most common dental diseases like caries, periodontal diseases, oral cancer are preventable in nature. So, if preventive measures are taken at very young age, it can be carried throughout the life and can rapidly be passed to the next generation.

AMC Dental Hospital is located at khokhara area of Ahmedabad. The Hospital being run by AMC, provides all kind of dental treatments and facilities at very nominal rate, using latest diagnostic and treatment equipment. The village Dhamatvan (Distance approx. 22 km) can have easy access to hospital via AMTS/BRTS route.

As a part of adoption by DCI recommendation, we would like to carry out various activities on a monthly basis. The list of some of the activities are here with attested.

1. Screening for oral diseases.
2. Education regarding commonly seen dental diseases like dental caries, periodontal diseases, mal-aligned teeth, nonhealing ulcers and frequent ulcer in mouth.
3. Detection of oral pre – cancerous lesion and conditions.
4. Education regarding effect of systemic diseases on oral health.
5. Education regarding effect of oral diseases on systemic health.
6. Education of proper brushing techniques.
7. Education regarding importance of proper diet and nutrition on oral health.
8. Training of Anganwadi workers and school teachers regarding proper brushing techniques and prevention and control of dental diseases
