AMC Dental College and Hospital

AMC Dental college and Hospital stands as a beacon of excellence in dental care, equipped with a remarkable 250 dental chairs that facilitate efficient and prompt patient services. This expansive infrastructure is complemented by a range of specialized clinics, each dedicated to addressing distinct aspects of oral health, as well as spacious and equipped preclinics for student training.

The hospital's commitment to comprehensive care is evident in its specialized clinics, encompassing Oral Medicine and Radiology, Prosthodontics, Conservative Dentistry, Oral and Maxillofacial Surgery, Periodontology, Paediatric and Preventive dentistry and Endodontics. These clinics operate as specialized units, ensuring that patients receive tailored treatments that align with their specific dental requirements.

Prosthodontics, Dental Materials, Conservative, DADH, Oral Pathology, Orthodontics Preclinics with advanced instruments and equipments are efficient for students to be mentored and to have enough hands on experience, to be confident for working with patients in clinics.

The availability of these specialized clinics and preclinics underscores the hospital's dedication to providing a diverse range of dental services under one roof.

The impressive capacity of 250 dental chairs not only reflects the hospital's commitment to accessibility but also ensures that a considerable number of patients can receive timely and quality dental care. AMC Dental Hospital's integration of advanced infrastructure and specialized clinics reaffirms its status as a leading institution in delivering comprehensive and specialized oral health solutions.

LG Hospital

L G Hospital, affiliated with the college, stands as a formidable teaching hospital with an impressive 1050-bed capacity, encompassing diverse departments such as Medicine & allied, Surgery & allied, Orthopedics, Pediatrics, Obstetrics & Gynecology, and plastic surgery. This comprehensive setup ensures ample clinical material and essential facilities for students' clinical learning experiences.

The hospital is equipped to handle emergency situations with specialized care units, including Medical ICU, Pediatric ICU, Surgical ICU, and Neonatal ICU. State-of-the-art operation theaters contribute to the hospital's capacity to undertake various surgical procedures. Additionally, well-equipped departments such as Radiology and Clinical Laboratory enhance diagnostic capabilities, facilitating thorough patient care.

Beyond its role in medical education, L G Hospital plays a crucial role in public health. It operates a center for family welfare services, addressing the broader healthcare needs of the community. The Suraksha clinic is dedicated to handling cases related to sexually transmitted infections (STIs) and HIV/AIDS. Furthermore, the hospital houses Integrated Counseling and Testing Centers (ICTC) and Prevention of Parent to Child Transmission (PPTCT) centers, showcasing a commitment to holistic healthcare and prevention programs.

In essence, L G Hospital emerges as a multifaceted healthcare institution, not only contributing significantly to medical education but also actively engaging in public health initiatives and providing comprehensive healthcare services to the community it serves.

AMC DENTAL COLLEGE AND HOSPITAL
DEPARTMENT OF PUBLIC HEALTH DENTISTRY

As an adjunct to compulsory rotating internship programme, the interns from the Department has the two months regular posting schedule at Danilimda Community Health Centre and Rakhial Community Health Centre. The students are going by themselves on their own. The students visit these centres and work under the guidance of the dentist doctor.

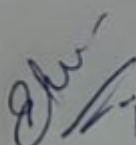

The Department of Public Health Dentistry, AMC Dental College and Hospital has got tie up with various Community and Urban Health Centres. For this, the two interns from the Department are posted regularly and daily on rotation basis on designated days for the respective satellite centres.

Vatva Community Health Centre	Every Monday
Vastral Community Health Centre	Every Tuesday, Thursday and Saturday
Naroda Community Health Centre	Every Wednesday
Gomtipur Community Health Centre	Every Saturday
Bhaipura Urban Health Centre	Every Friday

The students are going in a mobile van daily from the department on respective dates for each centre. The students are conducting following things at centres.

1. Screening and diagnosis for oral diseases.
2. Education regarding commonly seen dental diseases like dental caries, periodontal diseases, mal-aligned teeth, non healing ulcers and frequent ulcer in mouth.
3. Detection of oral pre – cancerous lesion and conditions and doing counseling for Tobacco cessation.
4. Education regarding effect of systemic diseases on oral health.
5. Education regarding effect of oral diseases on systemic health.
6. Education of proper brushing techniques.
7. Education regarding importance of proper diet and nutrition on oral health and oral health awareness among communities.

The residential facility is available at the centres.
