

**AMC DENTAL COLLEGE, KHOKHRA, AHMEDABAD,
DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS
GUIDED ENDODONTICS – CDE PROGRAM**

Guided endodontics is a relatively new approach using 3d printed templates to gain minimal invasive approach in dentistry. The CDE program on guided endodontics under mentorship of Dr Niraj Kinariwala was organised by the department of Conservative Dentistry and Endodontics on 22nd September 2022. Dr Niraj Kinariwala (MDS, PH.D fellow - microendodontist and implantologist) is a proficient clinician and academician with expertise in contemporary endodontics and digital dentistry. He is a passionate proponent of magnification and digital dentistry.

The program consisted of various events as listed below:

1. Lecture on guided endodontics through dynamic navigation
2. Interactive session
3. Demonstration on model to benefit clinicians and students in the field of modern dental procedures
4. Doubt solving

The lecture was conducted at AMC Dental college auditorium and demonstration was held at the department of conservative dentistry and endodontics where interactive question answer session was organised to solve the doubts of the students and the staff members.
