

SHOWCASE: Report

Every year AMC Dental College provides a platform "SHOWCASE" for their intern students. Showcase is a platform where the hard work, dedication, and innovation of our dental students are celebrated. Interns are motivated to explore a diverse array of case studies, research projects, and literature reviews that not only highlight our students academic achievements but also their commitment to advancing the field of dentistry, where students select the best suited topic for themselves in which they feel they can contribute the most, and works under the guidance of their selected mentor . At the end of the year the program is held where they can present their hardwork and dedication towards dentistry .This has been the 7th year of showcase. The program was held on 17th October 2024 at the auditorium of AMC Dental College. The judges for the Showcase were Dr. Harsh Shah and Dr. Harshik Parekh. This year, there were total 6 participants who took part in the showcase and 272 attendees present in the event. Followed by a Q & A session with the judges and the audience.
