

Report on World Oral Health Day 2025

AMC Dental College and Hospital

Introduction:

World Oral Health Day is celebrated every year on 20th March to raise awareness about maintaining good oral health. AMC Dental College and Hospital organized a series of activities through its various departments to spread awareness and engage with the community effectively.

Overview of Events:

Department	Event Date	Venue	Event Timings	Brief Description
Dept. of Orthodontics & Dentofacial Orthopedics and Pedodontics	20th March 2025	Department	9:00 AM to 1:00 PM	School Dental Camp Program, aimed at promoting awareness among school children and providing dental check-ups.
Dept. of Public Health Dentistry	20th March 2025	Department	10:00 AM to 12:30 PM	Educational sessions and activities emphasizing the importance of oral hygiene, in line with World Oral Health Day themes.
Dept. of Prosthodontics and Crown & Bridge	22nd March 2025	Department	9:30 AM onwards	Patient awareness activities focusing on prosthodontic care and the role of prostheses in maintaining oral health.
Department of Oral Medicine	3rd April 2025	Auditorium & Department	12:00 PM to 4:30 PM	Awareness program on early diagnosis

and Radiology				of oral diseases, highlighting the significance of oral examinations and radiographic assessments.
Dept. of Oral Pathology and Oral Microbiology	25th March 2025	Oral Pathology Lab	9:00 AM to 5:00 PM	Special awareness drive focused on oral health for diabetic patients, educating about the link between diabetes and oral health.
Department of Periodontology	20th March 2025	Department	9:00 AM to 1:00 PM	Poster presentations and interactive sessions focusing on periodontal health and prevention of gum diseases.
Department of Conservative Dentistry and Endodontics	20th March 2025	Department	9:00 AM to 1:00 PM	Awareness activities highlighting the prevention of dental caries and the importance of early root canal treatments.

Highlights of Activities:

- Awareness Camps: Departments organized school dental check-up camps and general awareness sessions.
- Lectures and Educational Sessions: Focused on the importance of early diagnosis, periodontal health, preventive and restorative dental care.
- Community Outreach: Events targeted both internal (students, patients) and external (schools, community) audiences.
- Photo Documentation: Each department documented their events with geo-tagged photos and attendance records.

Acknowledgements:

The World Oral Health Day celebrations were successful due to the combined efforts of the Management, Dean, Heads of Departments, faculty members, students, and non-teaching staff. Each department showcased commitment to the cause of promoting oral health.

Conclusion:

AMC Dental College and Hospital's observance of World Oral Health Day 2025 was impactful and meaningful. Through collective efforts, we were able to educate, engage, and inspire better oral health practices among the community.
