Program content	<ul style="list-style-type: none"> <li>The Department of Prosthodontics successfully organized “<b>Implant Ignite</b>”, a one-day implantology program, on <b>22nd May 2026</b>. The program was sponsored by <b>Dentsply Sirona</b> and <b>MIS</b> and was designed to provide participants with a strong foundation in implant dentistry through a combination of didactic learning and practical training.</li> </ul>

	<ul style="list-style-type: none"> <li>• The scientific session was conducted by <b>Dr. Ratnadeep Patil</b>, who delivered a comprehensive lecture on the fundamental concepts of implantology, treatment planning, and clinical protocols involved in implant placement. The lecture was followed by a hands-on session that enabled participants to gain practical experience and improve their understanding of implant procedures.</li> <li>• The lecture session was attended by <b>more than 160 participants</b>, including faculty members, interns, and Final Year BDS students. The hands-on workshop was conducted exclusively for interns, with <b>81 interns</b> actively participating in the hands-onworkshop.</li> <li>• The program provided valuable exposure to contemporary implantology practices and helped bridge the gap between theoretical knowledge and clinical application. The interactive sessions encouraged active participation and enhanced the learning experience of the attendees.</li> <li>• The feedback received from the participants was positive, with delegates appreciating the informative lecture, practical training, and clinical insights shared during the program. The successful conduct of the event contributed significantly to enhancing the knowledge, skills, and confidence of the participants in the field of implant dentistry.</li> </ul>
